

OVERSIZE/OVERWEIGHT VEHICLE PERMIT APPLICATION

INSTRUCTIONS

Skagit County Public Works is happy to assist you with your permitting needs. Advanced notice of 2-weeks is needed to better serve you. Any applications requiring a shorter turn around **may result in a delay to your haul**. All contact information is shown below; please comply with the following instructions:

Fill out the *Hauler Information, Vehicle Information, and Trip Information* areas thoroughly. Please do not write in the grayed out areas, that are for County use only. When complete, submit the permit application to Skagit County Public Works either by scanning and e-mailing or by fax.

Please Note: Actual total gross weight is needed in the Vehicle Information section of the application.

- 1) If your vehicle will be crossing bridges, the *Truck Data Form* will also need to be completed showing the distances between axles and the associated weights on said axles, and submitted to Skagit County Public Works either by scanning and e-mailing or by fax.
- 2) Upon County review, your application we may impose restrictions which will be noted in the *Restrictions* box of your application and returned to you for your signature. Please do not sign the permit application until you have reviewed and understand the noted *Restrictions*.
- 3) Skagit County requires a copy of the *WSDOT permit* when the hauler plans to travel State routes, i.e., I-5, SR-9, SR-536, etc, in addition to County Roads. You may scan and e-mail or fax the WSDOT permit to Barb Gibbons at Skagit County Public Works and it will be put on file with the approved Skagit County Permit which validates the County permit. Skagit County Permit Application may be processed before receiving the WSDOT permit but the County permit is not valid until all required paperwork is on file with the County.
- 4) After your review, and concurrence with the restrictions, sign the signature line at the bottom of the *Permit Application* and return to Skagit County Public Works either by scanning and e-mailing or faxing the information to:
- 6) Contact Information:

BY: _____, **Skagit County Representative**

READ THIS BEFORE SIGNING

This combined application/permit issued in accordance with R.C.W. 46.44.090 with the specific understanding that all applicable Washington State Laws, Administrative Codes, Regulations and Conditions, including those not listed hereon will be complied with. I, the undersigned permittee or agent thereof, certify that the information shown hereon is known by me and is true and correct and understand that the permittee shall be liable as set forth in R.C.W. 46.44.110 for all damages to any public highway, bridge or elevated structure, resulting from the movement of equipment authorized by this permit on the public highways of this State. The permittee shall further hold blameless and harmless and indemnify Skagit County, its officers, agents and employees against any accident, liability, loss, injury, action and the costs thereof arising from the conduct or operations of the permittee in connection with this permit. I further understand that prior to movements the permittee shall establish a routing to safely detour all structures having a limited clearance less than the permitted height. If permit is charged, I authorize billing to the firm named.

_____, Vehicle Owner or Authorized Representative
 (Sign only after Skagit County has noted Restrictions)
